WeedAway®

COST EFFECTIVE ALTERNATIVE FOR WEED CONTROL

✓ Better Weed Control

Suppress weed growth & reduce weeding round

✓ Better Vegetative Growth

Retain favorable soil moisture to promote good feeder roots growth & photosynthesis

✓ Efficient Fertilizer Usage

Reduce fertilizer losses through surface run-off, leaching & evaporation

✓ Cost & Labor Efficient

Reduce chemical usage & increase labor productivity in the first 2 years of planting by 40-60%

10pcs Weedaway® pins are included
*Pin made of recycle plastic pesticide container

Data Table Frond physiology 15-17 months after planting

Treatment	No. of Frond	No. of Pinnae	Frond Length, cm	Mean Leaf Area, cm	Frond Dry Weight (kg)	Frond Production
Weedaway®	33	195	84.0	1.35	0.80	17
No Mulch	26	160	77.3	1.03	0.73	15
Brand A	31	176	80.5	1.24	0.74	16

Specification

Size (per set)	i) 1.5m x 1.5m ii) 2.0m x 2.0m
Materials	Combination of Virgin PE (LLDPE + LDPE) with 3% UV Protector
Thickness	0.06 mm with perforated sheet
